

Dear Mr. Scott Kallins, Mr. Melton Little, and Mr. Jim Delgado,

I would like to say thank you again for the scholarship that you awarded me at your ceremony earlier this month. That was extremely generous of you. I am humbled receiving the scholarship and I will never forget it. Your generosity to help high school seniors with college costs truly speaks volumes about not only your law practice but yourselves as individuals. I hope to one day be successful enough to be able to give generously the way you have done for so many years. Thank you for the delicious dinner and wonderful fellowship at the ceremony. It was a pleasure to meet new people and make connections as well as meet up with friends and familiar faces I hadn't seen in a while. Thank you again for your generosity, it really does mean more than you know. I am hoping the Bradenton area is recruiting new physicians when my education in the medical field I plan pursue is complete.

Sincerely,  
Vincent Rehfeldt
